1. Political considerations have taken no part in the recent promotion of 34 Ecuadoran Army officers which was authorized by the Ecuadoran Council of State. The promoted officers have completed all the pre-requisites for grade promotions and have completed the required number of years in their present grades. The promotions will produce some changes within the armed forces, but these changes will be of an organizational nature and will not obey political considerations.
2. No additional promotions are expected to be made until December 1953, as it has been decided that promotions will be granted only in May and December of each year.
